EMLAK KONUT REIC SCOPE OF BUSINESS

Founded in 1953, Emlak Konut REIC one of Turkey's oldest enterprises whose main field of expertise is residential production.

Emlak Konut Gayrimenkul Yatırım Ortaklığı A.Ş. was established under the title Emlak Konut A.Ş. as a subsidiary of Türkiye Emlak Bankası A.Ş. and started its operations after its registration and announcement on March 6, 1991. The company's Articles of Association was amended in 2001.

Our Company was transformed into a Real Estate Investment Company with the the amendment bill for the Articles of Association and it was submitted to the General Assembly for its approval. The amendment bill was adopted by the Extraordinary General Assembly on July, 22, 2002.

The Articles of Association was registered at İstanbul Trade Registry Office on July 29, 2002, and entered into force after their publication in the Trade Registry Gazette on August 1, 2002. (Our Company's Trade Registration No. is 273488-221070, Central

Registration System (MERSİS) No. is 5669-3333-4423-6524). The Company's name was changed from Emlak Gayrimenkul Yatırım Ortaklığı A.Ş. to Emlak Konut Gayrimenkul Yatırım Ortaklığı A.Ş. following the General Assembly on February 28, 2006. No time limit was set on the legal entity of the Company. This value, which has been obtained in years and through many projects, was transformed to Real Estate Company in 2002 and has been continuing its operations since then.

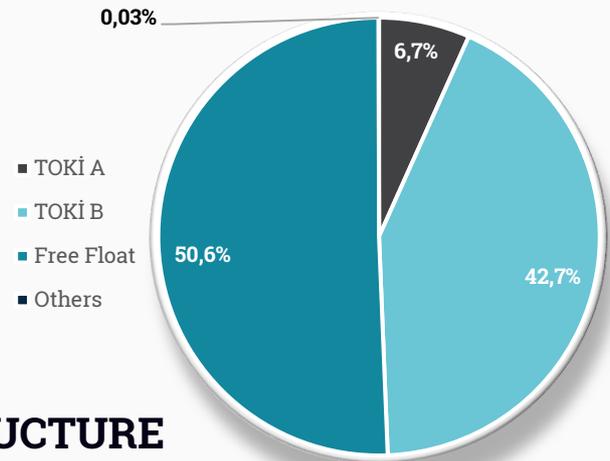

Our activities include purchasing land in Turkey, developing real estate for the middle and upper-middle class, and marketing and selling real estate. Our Company considers producing value for our country as one of the most important aspects. Emlak Konut REIC conducted its initial public offering in 2010 and secondary public offering in 2013 to sustain its rapid growth. These public offerings

achieved a significant success by attracting record individual investor demand and turning out to be 5th biggest public offering in the history of Republic. Taking place in November 2013, the secondary public offering oversubscribed 2.3 times. It attracted over 100 international investors from 20 countries becoming the biggest public offering in the form of raising capital in Central and Eastern Europe, the Middle East and Africa.

Emlak Konut REIC., whose main shareholder is TOKİ, is the biggest real estate investment company in Turkey in terms of market value, real estate portfolio and land inventory. Our 3,800,000,000 TL paid capital and 4,000,000,000 TL registered capital demonstrate the Company's leading role in the sector.

Emlak Konut REIC's goal and area of activity:

- (a) developing real estate projects majority of them consisting of residential, as well as commercial units, education units, social facilities, infrastructure, highways, and all kinds of landscapes;
- (b) Supervision of construction in developed projects;
- (c) Marketing and sales of completed units.

BUSINESS MODELS

Emlak Konut REIC applies two different business models effectively to achieve its administrative goals and strategies. The first business model is "Revenue Sharing Model (RSM)", and second is Turn-Key Model.

- One of the most important values of Emlak Konut REIC is the models it executes and develops.
- Emlak Konut REIC procures lands for project development majorly from TOKİ, and partially from third parties.
- By virtue of the construction and real estate sector accounting, sales and costs are added to the income statement only when it is confirmed that the project has been completed by Emlak Konut REIC.
- Our Company has a conscientiously developed 67- year brand value. It proves effective in the relevant models contributing positively to the construction, marketing and sales stages.

REVENUE SHARING MODEL

This is the primary income creation model of the Company. This is an original model used especially for projects intended for the upper- middle and upper income groups and provides profitability and fund flow for the Company. When it is deemed necessary, our Company purchase units in revenue sharing model- based projects throughout or after the completion of a project or may share such units with the contractor at the end of a project. "Company Share in Total Revenue" given in the charts is the amount that contractors committed to pay to our company in tenders or after with protocols; Emlak Konut's share of the bank commissions that have been paid to decrease the interest rate for mortgage loans in unit sales will be added to related project cost along with the completion.

TURN-KEY MODEL

The contractor is selected via a tender process pursuant to some criterias among the most appropriate and the lowest bid. Emlak Konut assumes all risks and responsibilities for the project development. All income earned from the sales of the units belong to Emlak Konut.

The Progress of Multiplier for RSM Projects

MULTIPLIER FOR REVENUE SHARING MODEL

Emlak Konut REIC expects to maintain high multiplier on ongoing projects...

The figures are in million TRY. Please note that, the past performance is not necessarily an indicator of future performance.

PROGRESS OF GUARANTEED PROFIT IN RSM PROJECTS (BILLION TRY)

Strong earnings visibility ahead from RSM projects...

Emlak REIC expects to recognize 5,51 Billion TRY of profit from RSM projects over the next 5 years.

Emlak REIC Min. Guaranteed Revenue recognition depends on completion of construction. Abovementioned values will be recognized when we complete our projects.

An examination of our 2nd quarter financial results shows that we completed the period with a net profit of 685,7 million TRY through our turnkey revenue sharing projects for which we fulfilled the partial or temporary acceptance.

Esteemed investors, shareholders, business partners of Emlak Konut REIC, and dear colleagues,

We started the first half of 2021 with an intense work schedule and devotion as the pandemic and the related measures continued to impact our national economy and lives. The normalization steps taken with broader vaccination had a positive impact on the market and accelerated commercial activities. Our country has maintained its stable economic development in the first half of 2021, and Gross Domestic Product (GDP) is expected to grow very strongly on an annual basis. Credit rating agency Fitch also raised Turkey's outlook to stable in February.

An examination of the industry shows that house sales declined by **11.5%** to **552,810** units in the January-June 2021 period, mortgage house sales fell by **60.9%** to **104,168** units, while other sales rose by **25.2%** to **448,642** units. In this period, first-time house sales dropped by **15.1%** to 167,878, and pre-owned home sales decreased by **9.9%** to **384,932**. Although sales declined compared to January-June 2020, sales for the first half of 2021 were completed with a

performance above the average sales figure for the last five years despite a high-interest rate environment. Therefore, despite the higher interest rate environment, the high level of housing sales statistics shows that our industry maintains its dynamism. In addition, while the interest of foreigners in the housing industry continued to grow, house sales to foreigners rose by **44%** to **20,488** compared with the same period last year.

At Emlak Konut, we exert every effort working diligently to accomplish our goals, as in previous periods. The estimated total sales revenues from the three revenue-sharing tenders we completed in the first half of the year stood at **6.911 billion TRY**, while Emlak Konut's minimum guaranteed income was **2.840 billion TRY**. We carry on our activities without slowing down for the tenders planned for the remaining half of the year with the motivation of these results.

With a performance above our target, we sold **2,583** units with a total saleable area of **412,000** square meters (VAT excluded) worth **5.23 billion TRY** in the second quarter of 2021. Also, we completed the delivery of more than **2,400** units.

We have completed the pre-sale of **73%** of our seven revenue-sharing projects, partial admissions of which we aim to complete throughout the year. Our construction progress rate reached **65%** in these projects. As of today, we have completed the sales of **41%** of projects planned for completion by 2024. The sales ratio of **10** turnkey projects under construction, including Emlak Konut Vadi Evleri, Village 3, Emlak Konut Florya Evleri, and Emlak Konut Bizim Mahalle 1-2-3, which we recently launched, reached **72%** as of the end of the second quarter of 2021.

Emlak Konut REIC's minimum guaranteed share of sale-based revenue sharing projects for lands under construction stands at around **10.397 billion TRY**.

Our company holds 3.817 million square meters of non-tendered land worth approximately **6.950 billion TRY** in its portfolio. We believe that our land portfolio for project tenders has a higher return potential and will reach higher profit ratios with the completion of our projects

An examination of our 2nd quarter financial results shows that we completed the period with a net profit of **685,7 million TRY** through our turnkey revenue sharing projects for which we fulfilled the partial or temporary acceptance.

We believe that economic activities will accelerate in all industries in the second half of 2021, particularly the industry and housing sectors, and that sustainable growth will increase.

Disasters such as fires and floods, which we have experienced as a nation, have once again shown us the painful consequences that may arise due to climate change. I wish God's mercy on our citizens who lost their lives in these disasters and convey my speedy recovery wishes to the people those affected.

I would like to thank all our customers, stakeholders, business partners, and employees for their trust in the Emlak Konut brand.

Sincerely,
Hakan Gedikli

EMLAK KONUT SPORT CLUB

Our club was established in 2017 as a Emlak Konut Sports Club Association as part of social responsibility project thanks to the sponsorship of Emlak Konut REIC. Since its establishment, it has been serving Turkish Sports with its registered brand and logo.

In Emlak Konut REIC's largest social responsibility project, we aim not only to train young, successful athletes but also to train them with strong humanistic characteristics benefiting the society, self-confidence, and the ability to best represent the Turkish identity across the world.

In line with this goal, our club has started its activities in the basketball branch. Our male and female youth squad comprise a total of 15 teams and 224 licensed sports-people aged 9-18, as well as our female Basketball A team contesting in the Turkish Women's Basketball 1st Division.

Our Sports Club conducts its training sessions and activities in two sports halls in the Bayrampaşa district. After its establishment, we have improved all our sports and social areas to ensure our youth squad's professional and disciplined development. Therefore, we want to ensure that our athletes and staff can compete with the youth teams of other successful countries.

Since our establishment year, our club has joined the national teams, local leagues, and Championships in Turkey in each age group, especially in females.

Our club, which set out with the goal of providing athletes to the national teams by training athletes from youth squads, the core of our mission and

vision, sent the highest number of athletes to the Youth National Teams with a total of 15 athletes in the female category throughout the 2019- 2020 season. Also, it has been one of the rare clubs to send players to national teams in both categories by sending one male athlete to Male Youth National Teams.

Our club has become one of the clubs that contributed the most to the country's basketball in recent seasons after its first country-wide success in the youth categories in 2018. Undeclared in the U16 Girls A-League, which ended before the breakout of the pandemic, our team is shown as one of the most successful teams in the female youth category, finishing third in the U18 Female A-League despite competing in the upper league with the same age group. With more than half of the athletes in its squad being National Athletes, our team will participate in the Girls' Basketball Youth League, which will be held for the first time in 2021 with Garanti BBVA's sponsorship.

Founded in 2018 with the support of our club-trained players from the youth squad, our Women's Basketball A-Team, was promoted from Women Regional Basketball League to the Turkish Women Basketball 1st Division in the same year. Including six youth squad players, our A-team completed the 2019-2020 season in the top two despite its target to qualify for the upper league due to the pandemic.

Our A team started the 2020-2021 season with four athletes from our youth squad born in 2004. With its current experience and strong planning, it won the 2020-2021 Season Women's Federation Cup in the leading position of the event organized among all the season teams at the beginning of the season. Aiming to rise to the Super League in the 2020-2021 season, our A-team continues to work in this direction and has a successful season. Our company will maintain its corporate and strong structure in the sports field and continue to train young athletes from all across Turkey for the national team, and continue to achieve greater accomplishments with the slogan "From Youth Squad to the Future."

**REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS**

**To the Board of Directors of
Emlak Konut Gayrimenkul Yatırım Ortaklığı A.Ş.**

Introduction

We have reviewed the accompanying consolidated statement of financial position of Emlak Konut Gayrimenkul Yatırım Ortaklığı A.Ş. ("the Company") and its subsidiaries (together the "Group") as at 30 June 2021, and the related consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the six-month interim period then ended. The Group management is responsible for the preparation and presentation of this interim consolidated financial information in accordance with Turkish Accounting Standards 34 "Interim Financial Reporting" ("TAS 34"). Our responsibility is to express a conclusion on this interim consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with Independent Auditing Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Independent Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with TAS 34 "Interim Financial Reporting".

TFRS is updated through communiqués in order to comply with the changes in the International Financial Reporting Standards (IFRS).

The interim condensed consolidated financial statements are presented in accordance with the formats specified in the “Communiqué on TFRS Taxonomy” published by the POA on 15 April 2019 and the Illustrations of Financial Statements and Application Guidance published by the CMB .

The Group prepared its interim condensed consolidated financial statements for the period ended 30 June 2021 in accordance with the TAS 34 “Interim Financial Reporting Standard” within the framework of the Communiqué Serial: XII No. 14.1 and announcements regarding this Communiqué published by CMB.

**NOTE 2 – BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS
(Continued)**

2.1. Basis of Presentation (Continued)

The Companies are free to prepare their interim financial statements as full or condensed in accordance with TAS 34. In this context, the Group preferred to prepare its interim financial statements as condensed.

The Group maintains its books of account and prepares its statutory financial statements in accordance with the principals issued by CMB, the Turkish Commercial Code (“TCC”), tax legislation and the Uniform Chart of Accounts issued by the Ministry of Finance. The consolidated financial statements have been prepared on the basis of historical cost, with the necessary adjustments and classifications reflected in the statutory records in accordance with TFRS.

Preparation of financial statements in hyperinflationary periods

With the decision numbered 11/367 taken on 17 March 2005, the CMB has announced that, effective from 1 January 2005, for companies operating in Turkey and preparing their financial statements in accordance with TFRS, the application of inflation accounting is no longer required. Accordingly, the Group has not applied “Financial Reporting in Hyperinflationary Economies” (“TAS 29”) in its financial statements for the accounting periods starting 1 January 2005.

Functional and Presentation Currency

Items included in the consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the entity operates (“the functional currency”). The functional currency of the Group is TL and the reporting currency is thousand TL.

Offsetting

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to set-off the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

2.2. Changes in accounting policies, accounting estimates and errors

Significant changes in accounting policies and significant accounting errors are applied retrospectively and the financial statements of the previous periods are restated if the financial position, performance or cash flow effects of transactions and events are presented in a more appropriate and reliable manner.

A new type of coronavirus (COVID-19), which first appeared in China, was classified as an epidemic affecting countries globally by the World Health Organization on 11 March 2020. COVID-19 has impacts on economic conditions, sectors, businesses, consumers, as well as asset and commodity prices, liquidity, exchange rates, interest rates, money and capital markets and many other issues, and remains uncertain about the future. While many countries have announced financial and financial support programs in order to limit the damage caused by the virus in the economies, Turkey has implemented regulatory financial and monetary actions to support companies and households in these difficult conditions. Additional regulatory measures continue to be announced to combat adverse impacts on companies and certain industries.

The effects of this global epidemic on the Company's financial statements are regularly monitored by the Company Management. While preparing its interim financial statements as of 30 June 2021, the Company has reflected the possible effects of the COVID-19 outbreak on the important estimates and assumptions used in the preparation of the financial statements. The Company Management takes the necessary measures to keep the negative effects under control and to live at a minimum level. This approach, which was preferred for the period of 30 June 2021, will be reviewed in the following reporting periods, taking into account the impact of the epidemic and future expectations. Due to the fact that the density of the company's stocks consists of residential-type independent sections, there is no negative impact on sales on demand during the COVID-19 outbreak.

2.3. Conformity with the Portfolio Limitations

The information presented in Additional Note of this report, regarding control of conformity with the portfolio limitations, is a summary information extracted from financial statements in accordance with Article 16 of Communiqué No: II-14.1, “Principles of Financial Reporting in Capital Markets” and is prepared in accordance with the provisions of the control of portfolio limitations of Communiqué No: III-48.1, “Principles Regarding Real Estate Investment Companies”.

NOTE 3 – ACCOUNTING POLICIES

Entities have permission to choose preparing their interim financial statements as a full set or as a condensed in accordance with TAS 34 standard. In addition, the Group has preferred to prepare condensed consolidated financial statements in the interim periods. The Group's interim condensed consolidated financial statements do not consist all the explanations and notes that are required to be included in the consolidated financial statements for the end of the year and should be read together with the Group's financial statements as of 31 December 2020.

NOTE 3 – ACCOUNTING POLICIES (Continued)

3.1 New and Revised Turkish Financial Reporting Standards (Continued)

a) Amendments and interpretations mandatorily effective as of 2021

Amendments to TFRS 9, TAS 39, TFRS 7, TFRS 4 and TFRS 16 Interest Rate Benchmark Reform — Phase 2

The amendments in Interest Rate Benchmark Reform — Phase 2 (Amendments to TFRS 9, TAS 39, TFRS 7, TFRS 4 and TFRS 16) introduce a practical expedient for modifications required by the reform, clarify that hedge accounting is not discontinued solely because of the IBOR reform, and introduce disclosures that allow users to understand the nature and extent of risks arising from the IBOR reform to which the entity is exposed to and how the entity manages those risks as well as the entity’s progress in transitioning from IBORs to alternative benchmark rates, and how the entity is managing this transition.

The amendments to TFRS 9, TAS 39, TFRS 7, TFRS 4 and TFRS 16 are all effective for annual periods beginning on or after 1 January 2021. Early application is permitted .

The Group management assessed that the adoption of this amendment does not have any effect on the Group’s consolidated financial statements. As of 30 June 2021, the relevant standard changes does not have a material impact on the consolidated financial statements.

b) New and revised TFRSs in issue but not yet effective

The Group has not yet adopted the following standards and amendments and interpretations to the existing standards:

TFRS 17	<i>Insurance Contracts</i>
Amendments to TAS 1	<i>Classification of Liabilities as Current or Non-Current</i>
Amendments to TFRS 3	<i>Reference to the Conceptual Framework</i>
Amendments to TAS 16	<i>Property, Plant and Equipment – Proceeds before Intended Use</i>
Amendments to TAS 37	<i>Onerous Contracts – Cost of Fulfilling a Contract</i>
Annual Improvements to TFRS Standards 2018-2020	<i>Amendments to TFRS 1, TFRS 9 and TAS 41</i>
Amendments to TFRS 4	<i>Extension of the Temporary Exemption from Applying TFRS 9</i>
Amendments to TFRS 16	<i>COVID-19 Related Rent Concessions beyond 30 June 2021</i>

NOTE 3 – ACCOUNTING POLICIES (Continued)

3.1 New and Revised Turkish Financial Reporting Standards (Continued)

b) New and revised TFRSs in issue but not yet effective (Continued)

TFRS 17 Insurance Contracts

TFRS 17 requires insurance liabilities to be measured at a current fulfillment value and provides a more uniform measurement and presentation approach for all insurance contracts. These requirements are designed to achieve the goal of a consistent, principle-based accounting for insurance contracts. TFRS 17 supersedes TFRS 4 Insurance Contracts as of 1 January 2023.

Amendments to TAS 1 Classification of Liabilities as Current or Non-Current

The amendments aim to promote consistency in applying the requirements by helping companies determine whether, in the statement of financial position, debt and other liabilities with an uncertain settlement date should be classified as current (due or potentially due to be settled within one year) or non-current.

Amendments to TAS 1 are effective for annual reporting periods beginning on or after 1 January 2023 and earlier application is permitted.

Amendments to TFRS 3 Reference to the Conceptual Framework

The amendments update an outdated reference to the Conceptual Framework in TFRS 3 without significantly changing the requirements in the standard.

The amendments are effective for annual periods beginning on or after 1 January 2022. Early application is permitted if an entity also applies all other updated references at the same time or earlier.

Amendments to TAS 16 Property, Plant and Equipment – Proceeds before Intended Use

The amendments prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the cost of producing those items, in profit or loss.

The amendments are effective for annual periods beginning on or after 1 January 2022. Early application is permitted.

NOTE 3 – ACCOUNTING POLICIES (Continued)

3.1 New and Revised Turkish Financial Reporting Standards (Continued)

b) New and revised TFRSs in issue but not yet effective (Continued)

Amendments to TAS 37 Onerous Contracts – Cost of Fulfilling a Contract

The amendments specify that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract or an allocation of other costs that relate directly to fulfilling contracts.

The amendments published today are effective for annual periods beginning on or after 1 January 2022. Early application is permitted.

Annual Improvements to TFRS Standards 2018-2020 Cycle

Amendments to TFRS 1 First time adoption of International Financial Reporting Standards

The amendment permits a subsidiary that applies paragraph D16(a) of TFRS 1 to measure cumulative translation differences using the amounts reported by its parent, based on the parent’s date of transition to TFRSs.

Amendments to TFRS 9 Financial Instruments

The amendment clarifies which fees an entity includes in assessing whether to derecognize a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other’s behalf.

Amendments to TAS 41 Agriculture

The amendment removes the requirement in paragraph 22 of TAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique. This will ensure consistency with the requirements in TFRS 13.

The amendments to TFRS 1, TFRS 9, and TAS 41 are all effective for annual periods beginning on or after 1 January 2022. Early application is permitted.

3.1 New and Revised Turkish Financial Reporting Standards (Continued)

b) New and revised TFRSs in issue but not yet effective (Continued)

Amendments to TFRS 4 Extension of the Temporary Exemption from Applying TFRS 9

With the postponement of the effective date of TFRS 17 to 1 January 2023, the expiry date of the temporary exemption period for the application of TFRS 9 provided to insurers has also been revised to 1 January 2023.

Amendments to TFRS 16 COVID-19 Related Rent Concessions beyond 30 June 2021

Public Oversight Accounting and Auditing Standards Authority (“POA”) has published COVID-19 Related Rent Concessions beyond 30 June 2021 (Amendment to TFRS 16) that extends, by one year, the June 2020 amendment that provides lessees with an exemption from assessing whether a COVID-19 related rent concession is a lease modification.

On issuance, the practical expedient was limited to rent concessions for which any reduction in lease payments affects only payments originally due on or before 30 June 2021. Since lessors continue to grant COVID-19 related rent concessions to lessees and since the effects of the COVID-19 pandemic are ongoing and significant, the POA decided to extend the time period over which the practical expedient is available for use.

The new amendment is effective for lessees for annual reporting periods beginning on or after 1 April 2021. Earlier application is permitted.

The Group evaluates the effects of these standards, amendments and improvements on the consolidated financial statements.

NOTE 10 – INVESTMENT PROPERTIES

Lease income is generated from investment properties, and the expertise used in the calculation of impairment is made through market comparison and discounted cash flow. As of 30 June 2021, the Group assessed that there was no impairment in its investment properties within the scope of the COVID-19 pandemic. Although there has been a decrease in the rental income of the Group from investment properties due to the COVID-19, there has not been a significant change in the total rental income due to the new rental income increase arising from transfers to investment properties.

The movements of investment properties as of 30 June 2021 and 2020 are as follows:

	Lands, residential and commercial units	Atasehir general management building A block	Total

	30 June 2021	31 December 2020
Provisions		
Provision for lawsuits	131,154	127,157
	131,154	127,157

According to the opinions of the Group’s lawyers, provisions amounting to TL 131,154 have been made as of 30 June 2021 (31 December 2020: TL 127,157). As of 31 December 2020, there are 3 cases of defect, 11 cases of loss of rent, 13 cases of cancellation of title deeds and registration, 5 cases of business and 59 other cases. The amount of risk arising from the total possible cash outflow is TL 282,689 (31 December 2020: TL 266,590) and the lawsuits are still pending. The movements of provision for lawsuits as of 30 June 2021 and 2020 are as follows:

12.1 Continuing Lawsuits and Provisions

12.1.1 The LSRSA Project Agreement dated 21 December 2005 regarding 750 units in İzmir Mavisehir Upper North Area 2. Phase was abolished on 21 December 2009 since the contractor did not meet the requirements of the provisions in the agreement. Following the cancellation of the agreement, the project was transferred to the Group and the remaining part of the project was completed by another construction company which was assigned in accordance with Public Tender Law. The related units have been completed and are sold by the Group as in Turnkey projects.

The contractor filed a lawsuit against the Group claiming that the completion percentage of the project was significantly high and that the agreement between the parties was based on construction right in return for flat. İzmir Karsiyaka Commercial Court of First Instance issued an expert report and determine that the level of work was at around 83%, and that the legal relationship of the parties were not related to construction right in return of the flat. The Company and the contractor filed counter lawsuits in the following period and an additional report was decided to be issued. The additional report is about the final receivables and payables of the parties considering all the claims. As a result of the examination of the additional report at the hearing on 11 June 2014, the second expert committee was examined however, since the expert report was not received, the date of the case was not finalized. In addition, the file was transferred to the delegation, as the Commercial Courts turned into Delegation Judges.

In the expert report dated 19 January 2016, it has been determined that the related cancellation is unfair, and alternative calculations has been realized over the possibility of whether the cancellation is right and over the effects on forward and backward. The expert report has been contested and it has been requested from the court that the expert report is declared “null and void” and that to receive a report that contains the objections of parties by creating a new comitee. The Group filed an extra lawsuit of TL 34,100 on 7 July 2011, requesting the collection, without prejudice to surplus rights.

NOTE 12 – PROVISIONS, CONTINGENT ASSETS AND LIABILITIES (Continued)

12.1 Continuing Lawsuits and Provisions (Continued)

- 12.1.1** According to the various expert reports submitted to the file, the complainant increased the lawsuit cost to TL 65,596 with the claim that the lawsuit was terminated unfairly by Emlak Konut during the prosecution process of the compensation lawsuit filed by the contractor for the detection of invalidity of termination on condition that the surplus rights are reserved. As of 30 June 2021, the Group made provision amounting to TL 95,204 including interest and lawsuit costs.
- 12.1.2** The lawsuit filed by the contractor firm is action of debt, deed cancellation and registration case. The decision of the contractor's contract was terminated unfairly, passing through degrees. Lawsuits filed by the company and amounting to TL 2,071 have been partially accepted and the decision was appealed by the parties, the trial is ongoing at the Istanbul 16th Commercial Court of First Instance. As of 30 June 2021 a provision amounting to TL 7,695 has been made including interest and lawsuit costs.
- 12.1.3** Within the scope of Revenue Sharing in Return for Riva Land Sale Tender for immovables parcel numbered 3201, 3202, 3203 located in Istanbul Province, Beykoz/Riva District as per the Article 14 of Bidding Specification of the aforementioned tender, bid bonds have been submitted to the client company by the Joint Venture, in the second session of the tender held on 15 June 2017, it was decided to leave the tender under the responsibility of the Joint Venture, which gave the most economically advantageous bid however, companies that have applied to the client company and invited for signature were requested to revise the terms and criteria of the tender, with the justification that the Planned Areas Type Zoning Regulation by the Ministry of Environment and Urbanization published on Official Gazette No. 30113 dated 3 July 2017 contains regulations that cause a significant reduction in the construction area subject to the tender, with the entry into force of the provisions of the said Regulation, the revision requests of the plaintiff companies were rejected on the grounds that there would be no change in the construction field based on the precedent and the Company gave a deadline until 15 August 2017 for the signing of the contract, as the client company did not come to sign the contract at the end of the period, the bid bonds submitted by the plaintiff companies within the scope of the Revenue Sharing in Return for Riva Land Sale Tender were registered as revenue and the tender was awarded to the non-litigated contractor who submitted the second most appropriate bid for the subject matter and there are pecuniary and non-pecuniary damages lawsuits filed on the grounds that the claimant's revision requests regarding the conditions and criteria of the aforementioned tender were rejected and that the recognition of the letters of guarantee as revenue was unfair. As of 30 June 2021, provision amounting to TL 10,668 has been made including interest and lawsuit costs.

12.2 Contingent Liabilities of the Group

In the financial statements prepared as of 30 June 2021, the ongoing litigation liabilities were evaluated in the following matters. According to the opinion of the Group Management and its lawyers, no provision has been made in the financial statements prepared as of 30 June 2021 on the grounds that it is not probable that the outflow of resources with economic benefits will be realized in cases filed against the Group in order to fulfill its obligation.

- 12.2.1** Concerning the İzmir Mavisehir Upper North Area Phase 2 LSRSA project, a lawsuit was filed based on the assignments given by the contractor in favor of the complainant. The case is proceeding. According to the opinion of the Group lawyer, no liability is expected to arise as a result of the related lawsuit.

Other	0.00	2	0.00	2
Total paid-in capital	100	3,800,000	100	3,800,000

The legal reserves consist of first and second reserves, appropriated in accordance with the Turkish Commercial Code ("TCC"). The TCC stipulates that the first legal reserve is appropriated out of statutory profits at the rate of 5% per annum, until the total reserve balance reaches 20% of the Group's paid-in share capital. The second legal reserve is appropriated at the rate of 10% per annum of all cash distributions in excess of 5% of the paid-in share capital. Under the TCC, the legal reserves can only be used to offset losses and are not available for any other usage unless they exceed 50% of paid-in share capital.

In accordance with the Communiqué Serial: II, No: 14,1 which became effective as of 13 June 2013 and according to the CMB's announcements clarifying the said Communiqué, "Share Capital", "Restricted Reserves Appropriated from Profit" and "Share Premiums" need to be recognized over the amounts contained in the legal records. The valuation differences (such as inflation adjustment differences) shall be disclosed as follows:

- If the difference is arising from the valuation of "Paid-in Capital" and not yet been transferred to capital should be classified under the "Inflation Adjustment to Share Capital";
- If the difference is arising from valuation of "Restricted Reserves Appropriated from Profit" and "Share Premium" and the amount has not been subject to dividend distribution or capital increase, it shall be classified under "Retained Earnings". Other equity items should be revaluated in accordance with the CMB standards.

There is no any use of the adjustment to share capital except adding it to the share capital.

On 25 March 2021, the General Assembly decided to distribute dividends amounting to TL 82,460. This dividend amounting to TL 3,016 is related to repurchased shares and net off under equity.

On 20 March 2020, The Company repurchased 10,500,000 numbers of shares with nominal value between full TL 1.11 and full TL 1.12 (full TL) and with the transaction cost amounting to thousand TL 11,751. The ratio of total shares acquired as a result of the purchase transactions to total number was 3.65%.

Corporate Tax

The Emlak Konut GYO is exempt from Corporate Tax in accordance with the paragraph 4-d of Article 8 of the Corporate Tax Law. According to the paragraph 6-a of Article 94 of the Income Tax Law the earnings of real estate investment companies are subject to withholding and withholding tax rate is determined as "0" according to the Council of Ministers Decision, No: 93/5148. The Group's subsidiaries, associates and joint operations are is subject to Turkish corporate taxes. Provision is made in the accompanying financial statements for the estimated charge based on the Group's results for the years and periods. Turkish tax legislation does not permit a parent company and its subsidiary to file a consolidated tax return. Therefore, provisions for taxes, as reflected in the accompanying consolidated financial statements, have been calculated on a separate-entity basis.

Corporate tax is applied on taxable corporate income, which is calculated from the statutory accounting profit by adding back non-deductible expenses, and by deducting dividends received from resident companies, other exempt income and other incentives (prior year's losses if any and investment incentives used if preferred) utilized.

In accordance with the article 11 of Law No. 7316 published in the Official Gazette dated 22 April 2021 and numbered 31462 and the provisional article added to the Corporate Tax Law, the corporate tax rate has been increased to a rate of 25% for 2021 corporate earnings and 23% for 2022 corporate income.

The Law numbered 7061 on “Amendment of Certain Taxes and Laws and Other Acts” was published on the Official Gazette dated 5 December 2017 and numbered 30261. Article 5 entitled "Exceptions" of the Corporate Tax Law has been amended in Article 89 of the Law. In accordance with (a) clause in the first paragraph of the Article, the exemption of 75% applied to gains from the sales of lands and buildings held by the entities for two full years has been reduced to rate of 50%. This regulation has been effective from 5 December 2017.

Deferred Tax:

The Group recognizes deferred tax assets and liabilities based upon temporary differences arising from the differences between its consolidated financial statements as reported for TFRS purposes and its statutory tax financial statements. These differences usually result in the recognition of revenue and expenses in different reporting periods for TFRS and tax purposes and they are given below.

Deferred tax assets and liabilities (excluding land) tax rate used for calculating corporate tax for the subsidiaries in Turkey in accordance with the additional provisional article of Corporate Tax Law; corporate tax rate will be 25% for the corporate earnings to be obtained in the taxation periods of 2021, 23% for 2022 corporate earnings and 20% for 2023 and following years.

In Turkey, the companies cannot declare a tax return, therefore subsidiaries that have deferred tax assets position were not netted off against subsidiaries that have deferred tax liabilities position and disclosed separately.
